Digital Campus – Curricular ideas and challenge

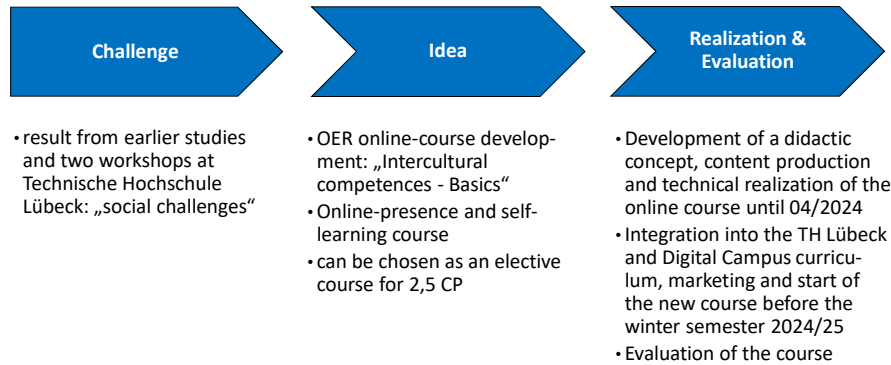

General course subject	Specialized courses	Interdisciplinary courses	Language courses
Course Language	German		English
Course format	Presence	Online Self Paced	Tutored Blended Learning / Tutored On-line Learning
Course recommendation level	Recommended course	Obligatory course	Credit Point course

major improvement of the student preparation

Big challenge: Matching of presence and digital modules in a correct way (n x n problem)!
 Big solution: Can AI help in future?

Current online course development at TH Lübeck

Outlook

- many more offers are needed on the Digital Campus
 - self assessments, all kind of courses
 - better support of study programs
 - more offers that are free of cost
 - more offers in English and other languages
 - functional developments:
 - UX improvements
 - application for a university studies over the campus management systems
 - integration of uniassist
 - integration of „Platform for inter*national student mobility“ (PIM)
 - integration of the Digital Campus in „Mein Bildungsraum“ to use the full potential of a life long learning support
- The Digital Campus can become the international springboard to Germany and a „One Stop Shop“ for international prospective and current students

THANK YOU!
