# „Recognition – No Problem?“

## DAAD-Surveys on Recognition of Study Credits for Coursework Completed Abroad

### Important Findings of 2019 and 2021

# Recognition – Why and How?

- Recognition is a decisive factor for successful international mobility
- DAAD - Surveys („Recognition – no Problem?“) mainly focus on two aspects:
  - the level of recognized ECTS Credits
  - the factors that influence recognition
- The 2021 survey includes not only physical but also hybrid and virtual stays abroad.
- How can we measure the level of recognition? There are several answers.

# How can We Measure Recognition? Let's have two Examples:

1. 30 credits were achieved, 25 credits were recognized
2. 25 credits were desired to be recognised, 25 credits were recognized

From this information we can make a clear calculation by forming a quotient. In this way we get a **new parameter**, the so-called **Recognition Rate**.

1.  $25:30 = 0.83$  The Recognition Rate is 83%
2.  $25:25 = 1.00$  The Recognition Rate is 100%

# Key Findings of the DAAD-Surveys 2019 and 2021

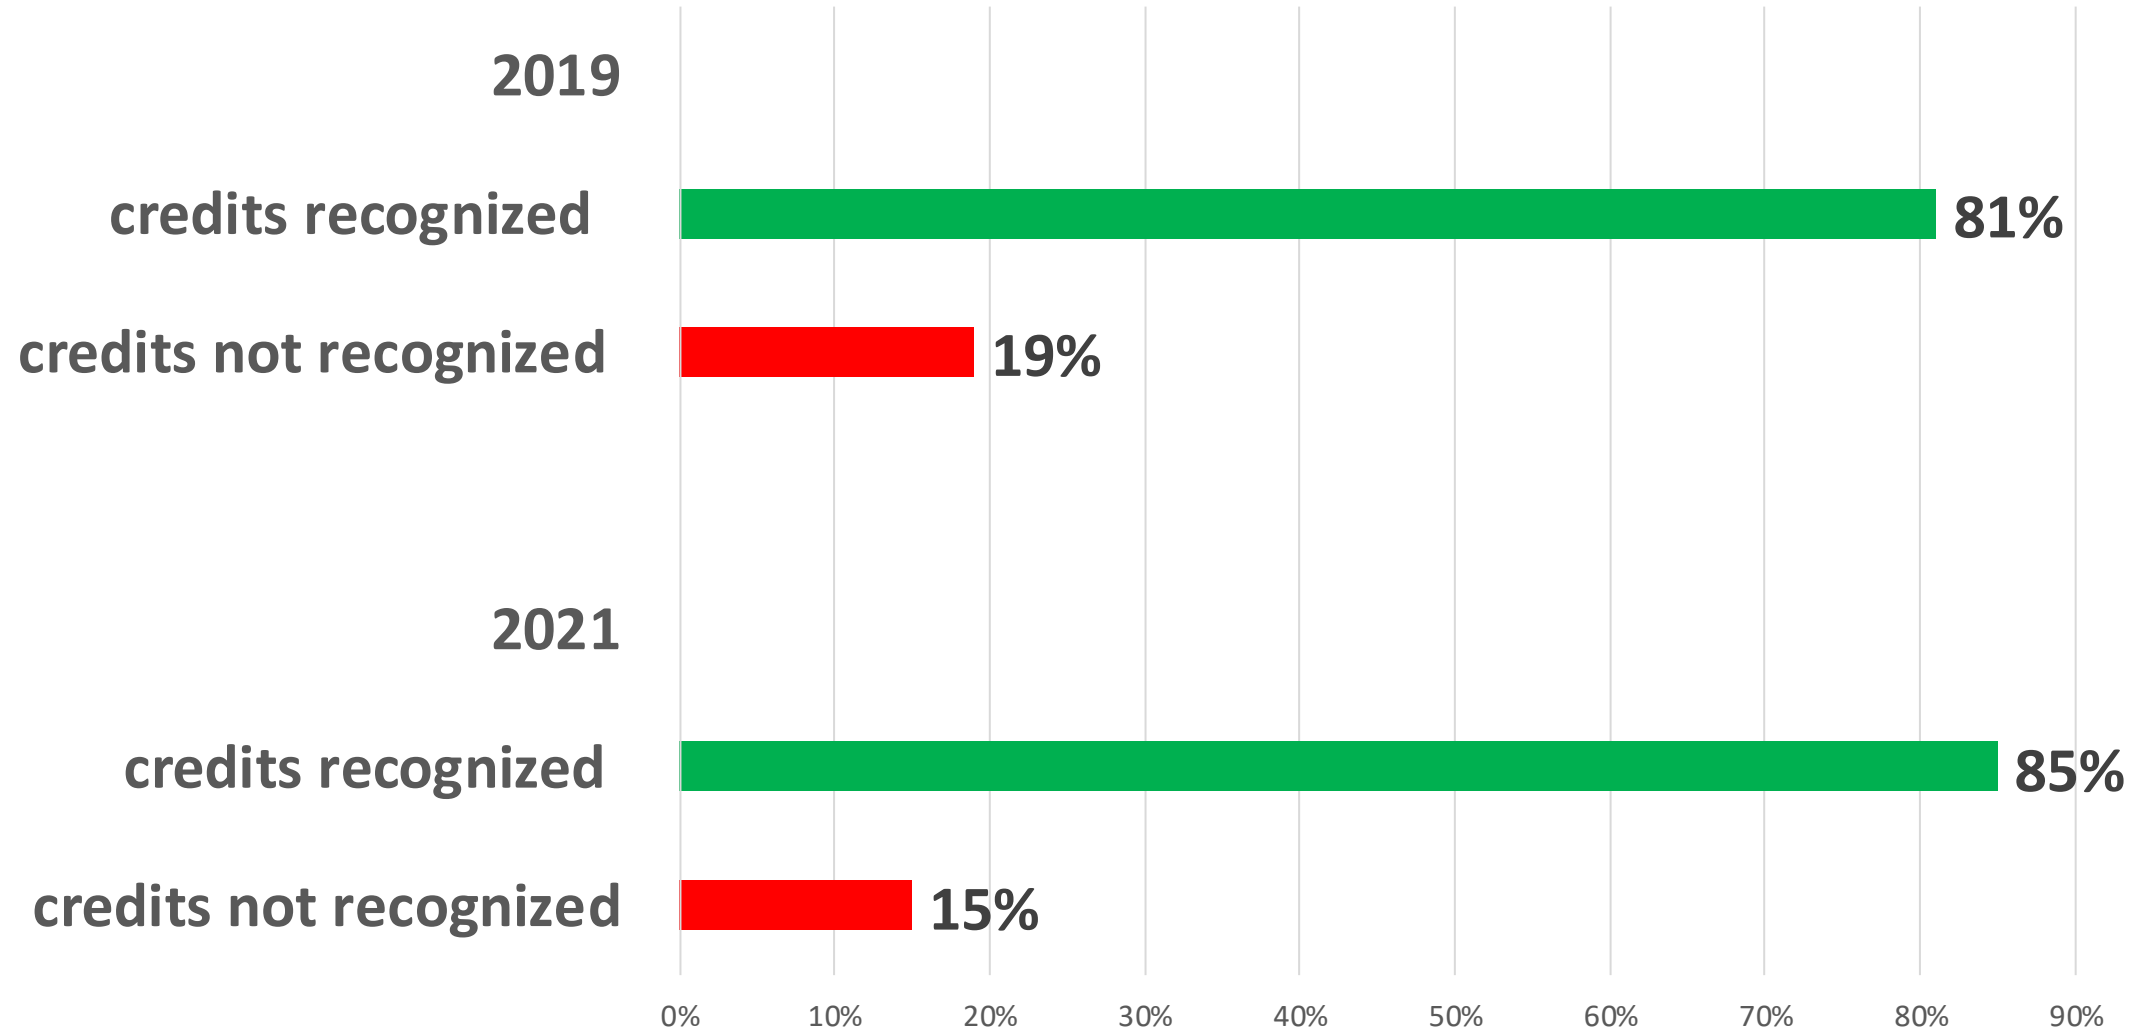

**2019**

*Recognition  
Rate 92% . €*

**2021**

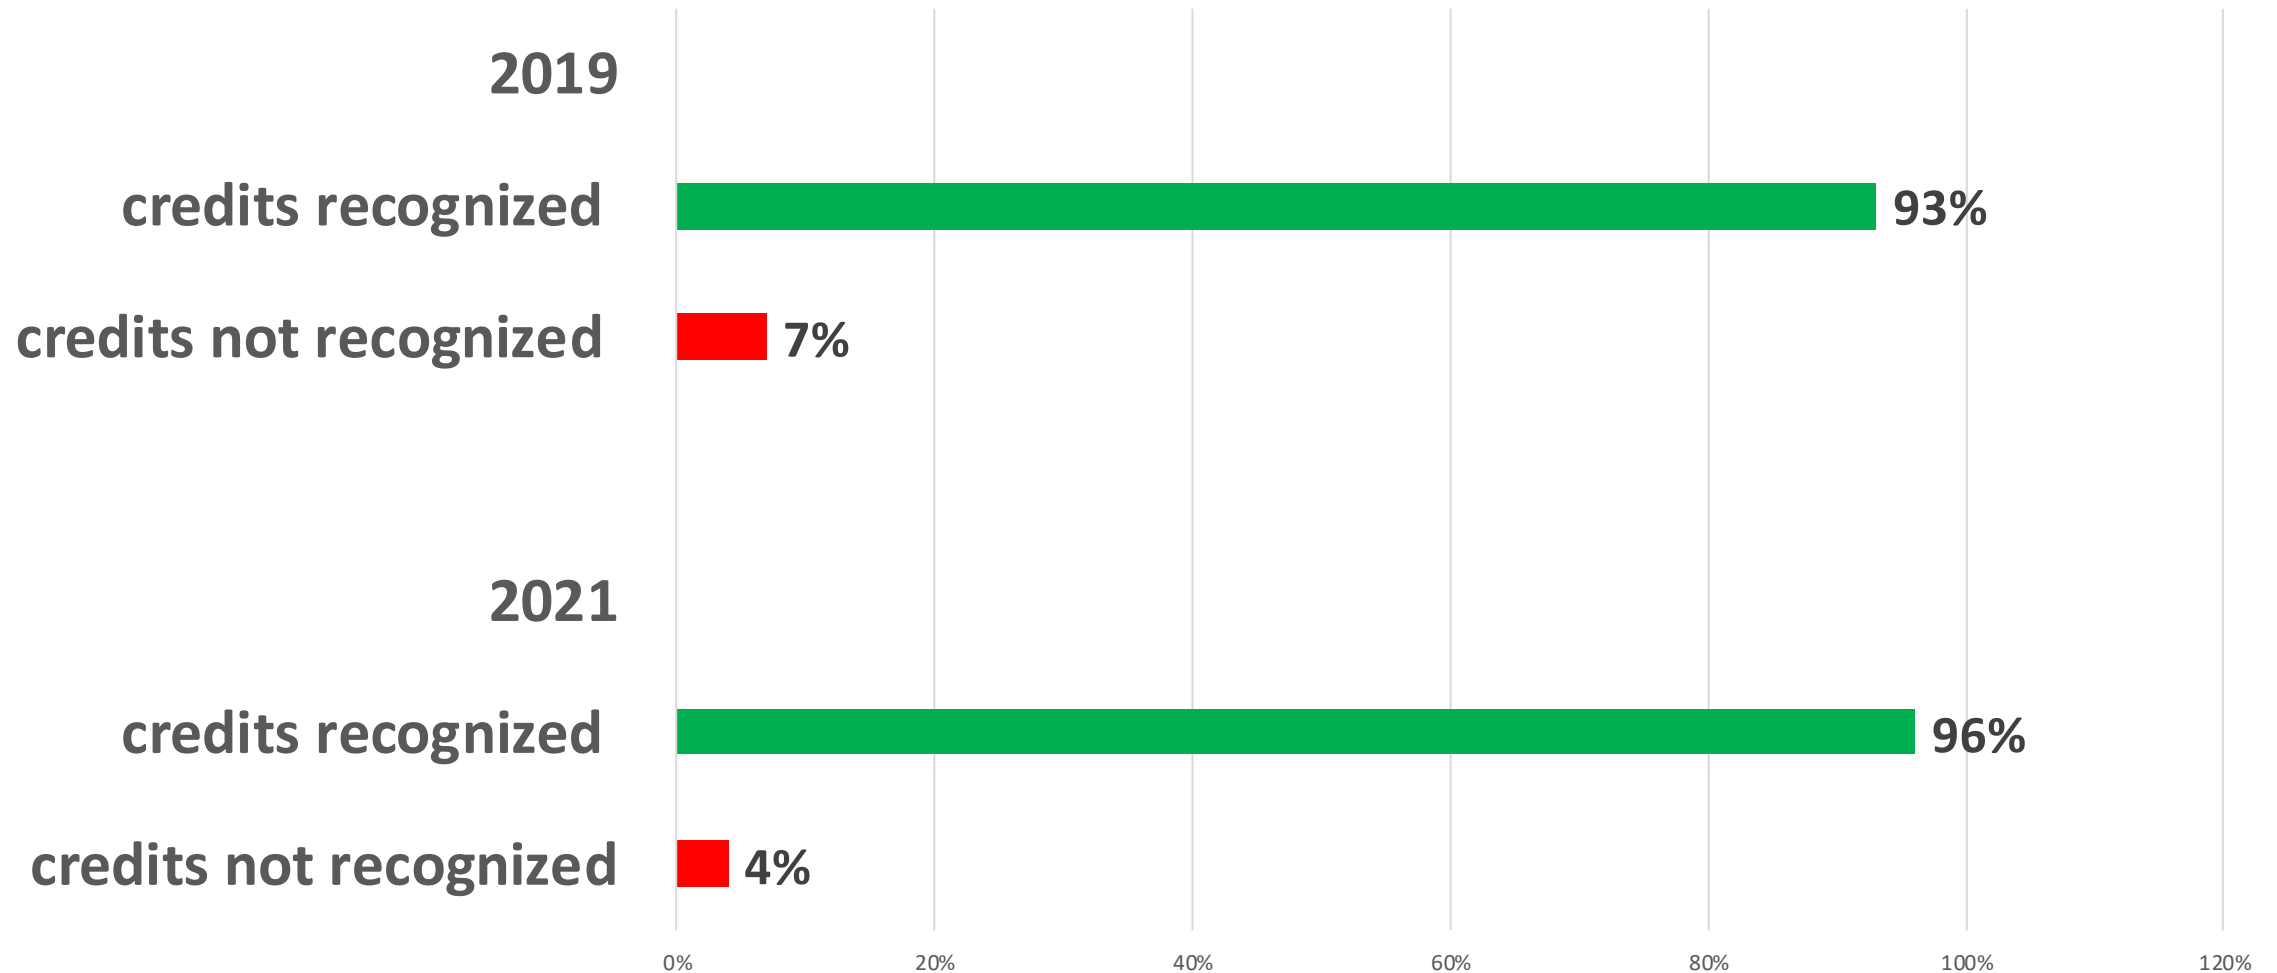

*Recognition  
Rate 95%*

# 1. Recognition Rate of all Credits Achieved (2019 and 2021)

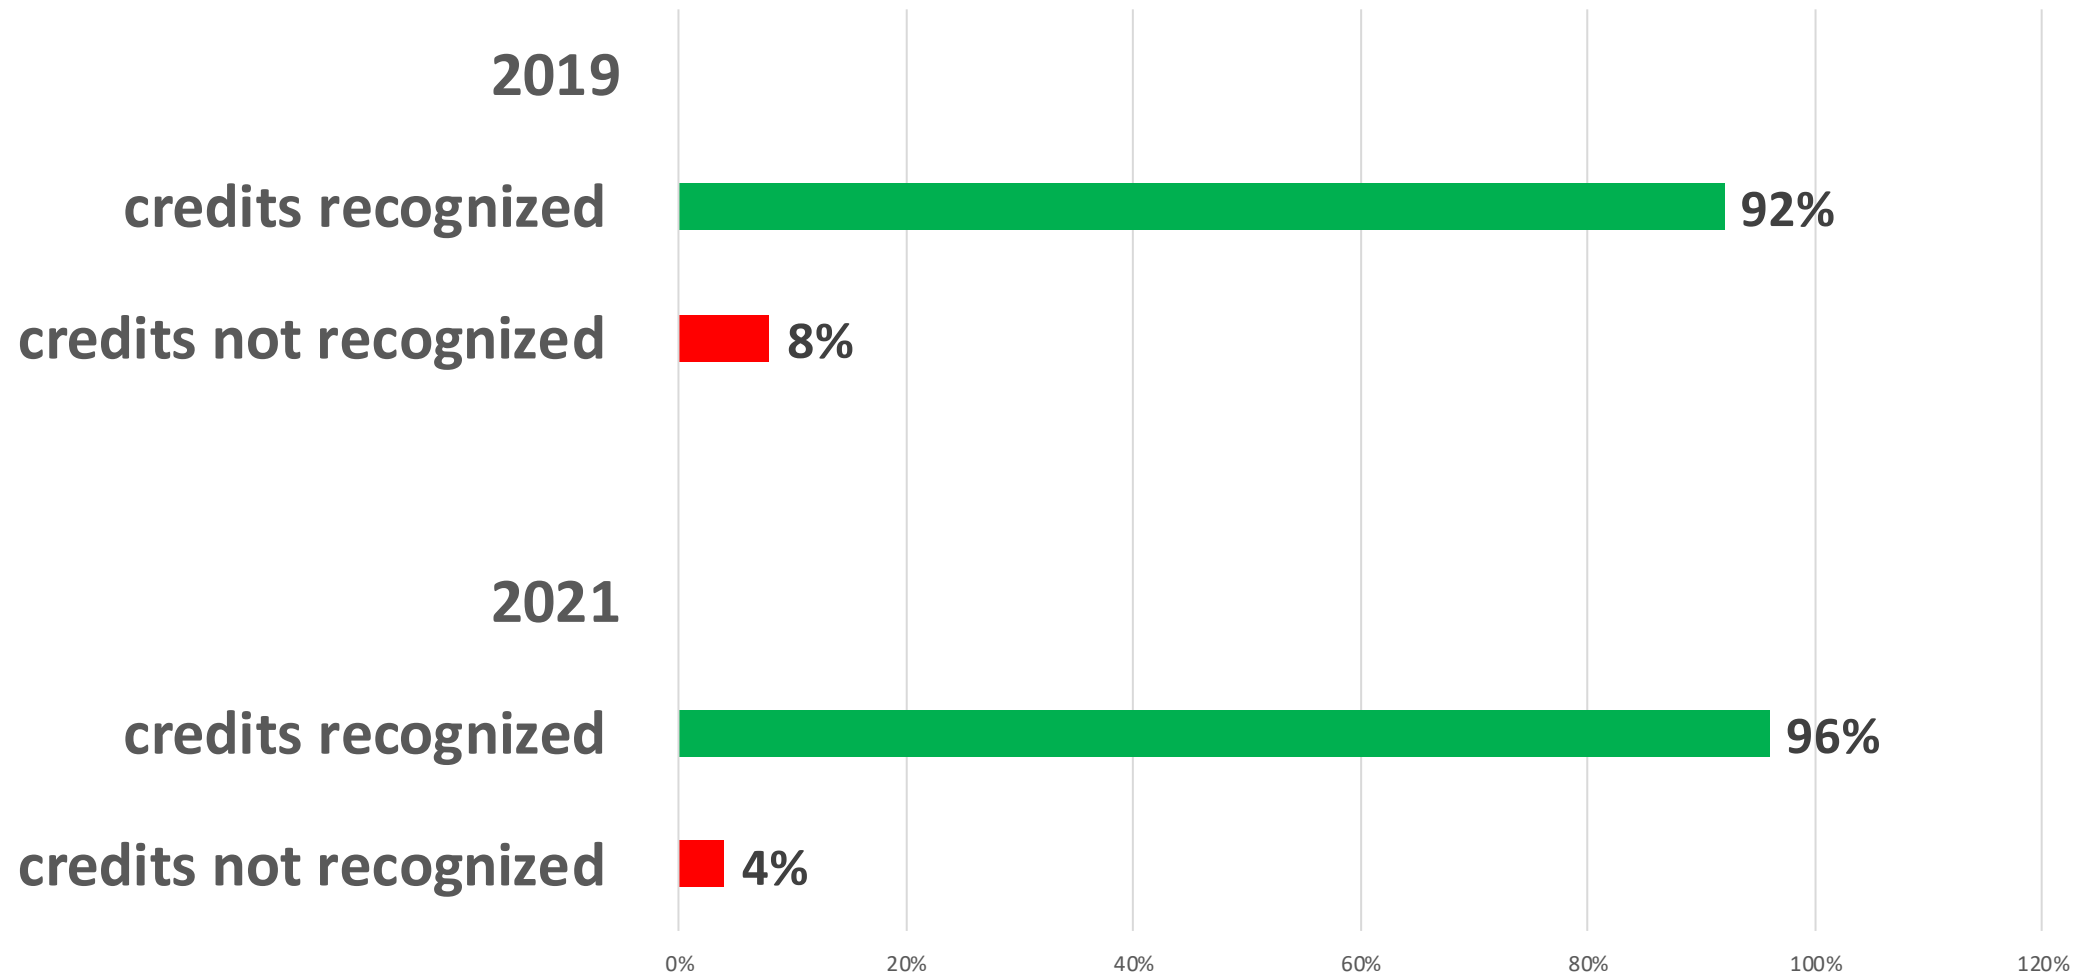

## 2. Recognition Rate of all Credits Eligible for Recognition (2019 and 2021)

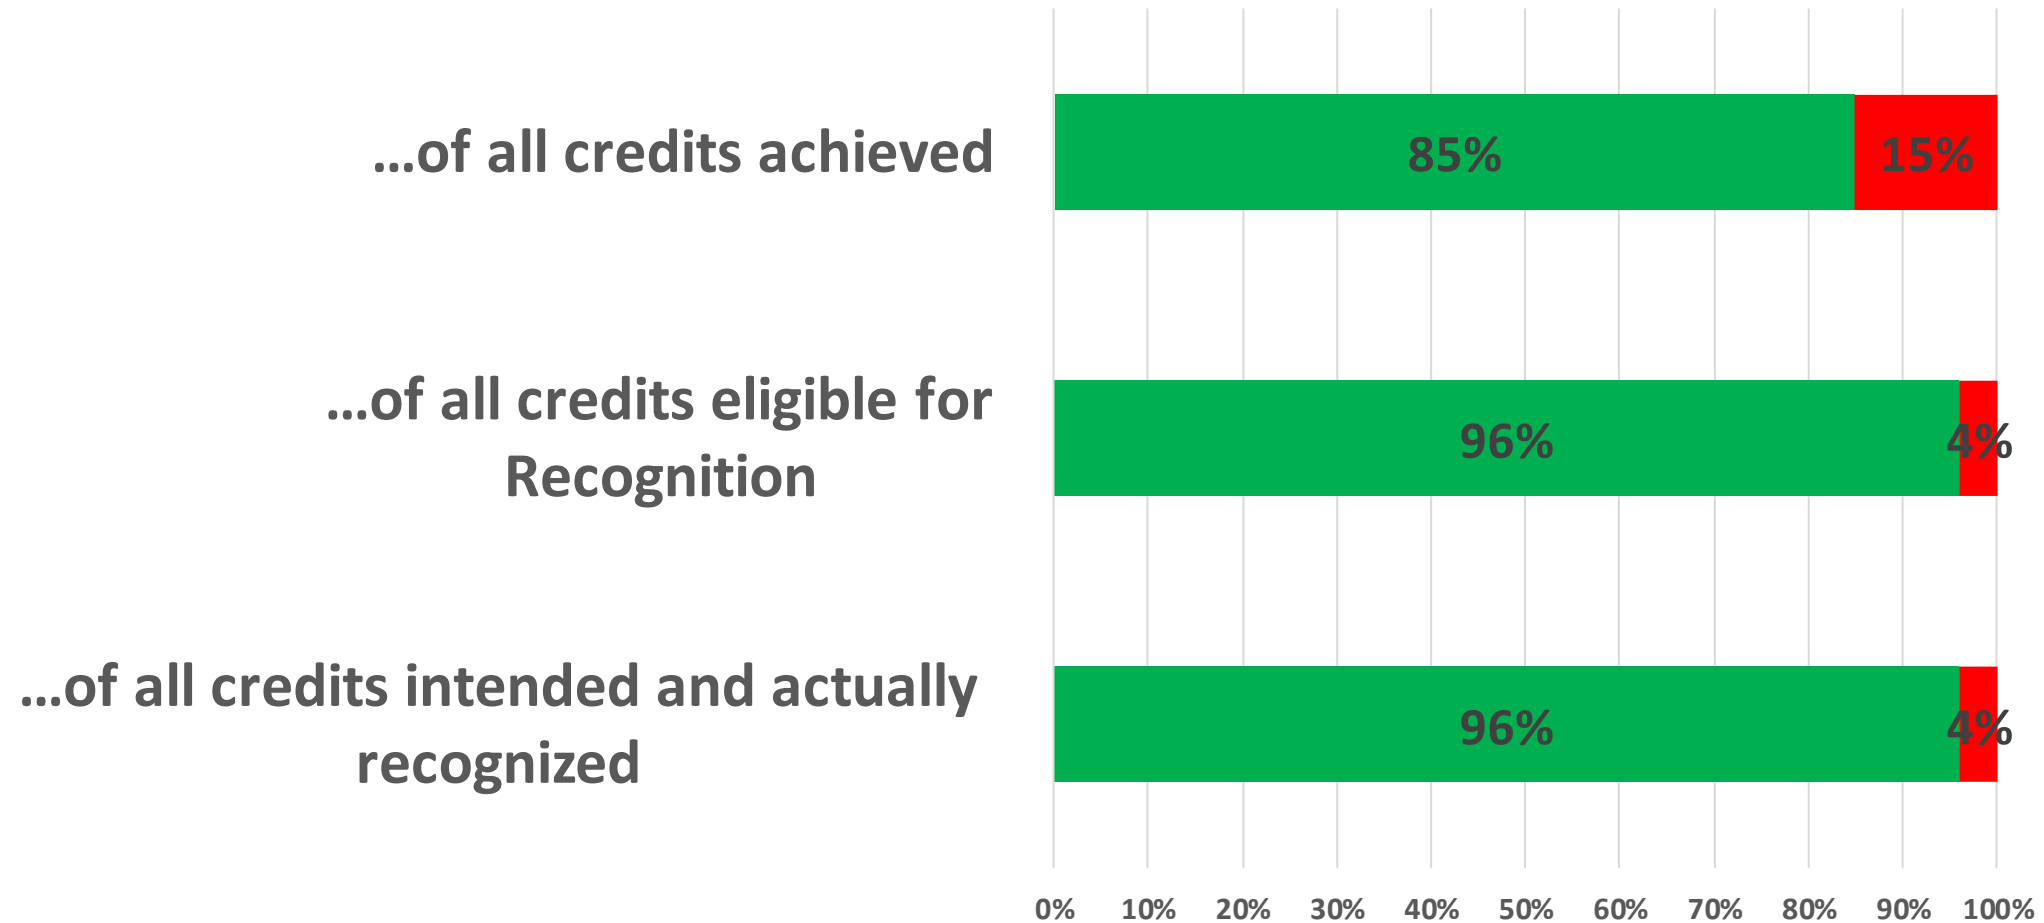

### 3. Recognition Rate of all Credits Intended and Actually Recognized (2019 and 2021)

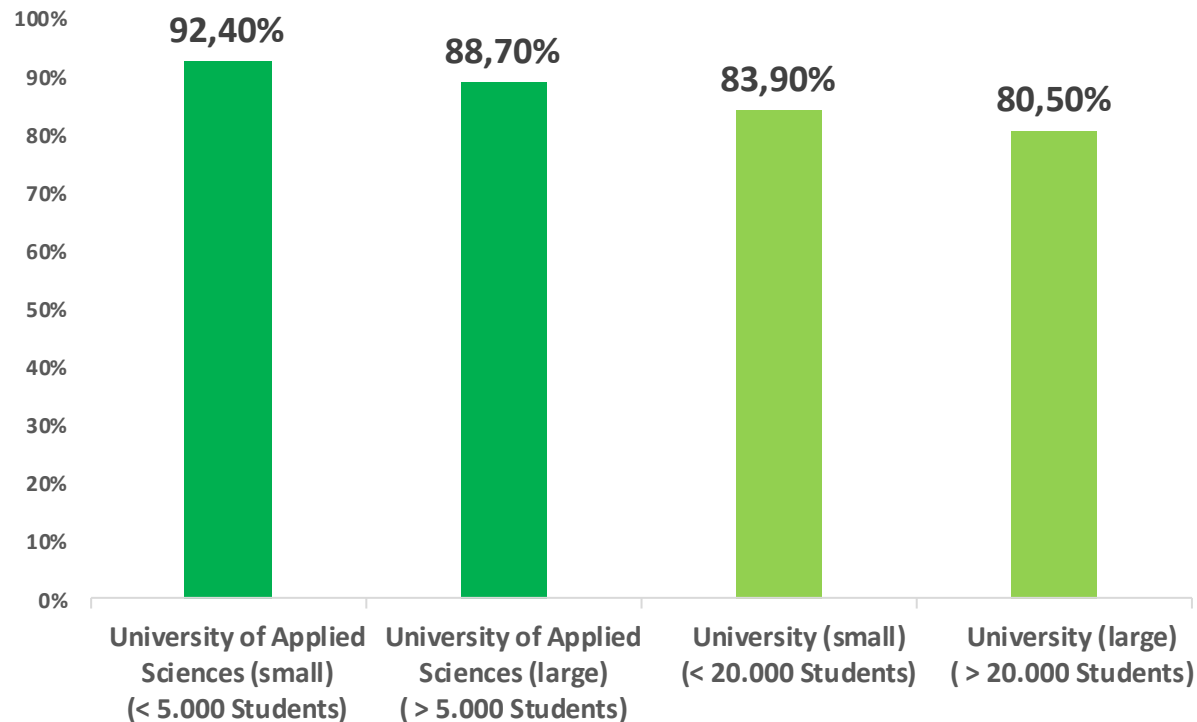

## 4. At a Glance: Recognition Rates (2021) shown so far ...

## 5. Factors Influencing Recognition (2019): Type and Size of Higher Education Institutions

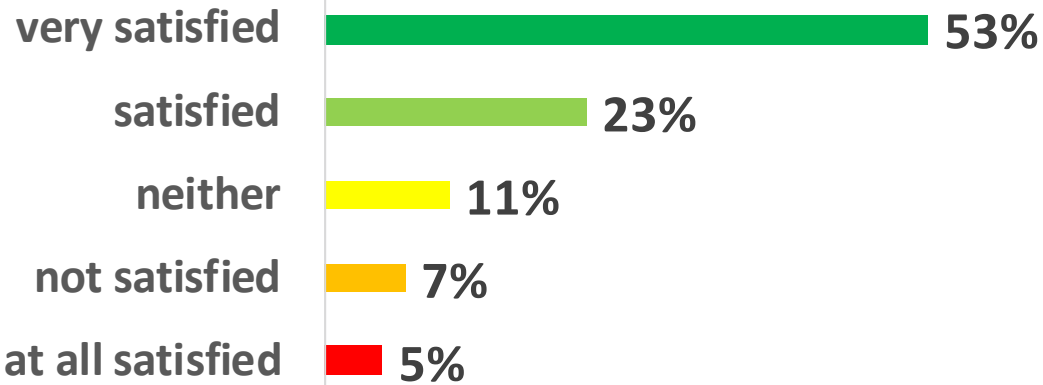

Recognition rate of Higher Education Institutions by type and size (2019)

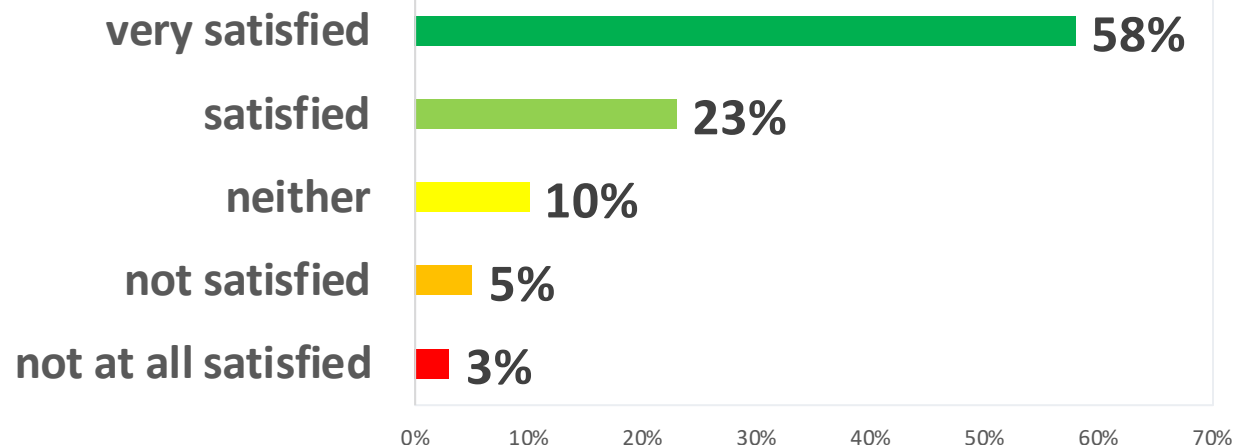

- Recognition is higher in Universities of Applied Studies than in Universities.
- Recognition is higher in smaller Higher Education Institutions than in large ones.

## 6. Satisfaction with the Extent of Recognition (2019 and 2021)

2019

2021

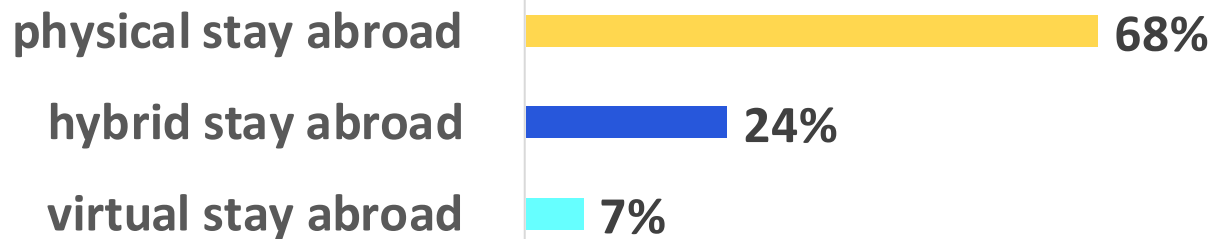

Satisfaction with recognition is high.

- In 2019 76% were (very) satisfied, 12% were not satisfied.
- In 2021 even more students (81%) were (very) satisfied with the extent of recognition. 8% were not satisfied

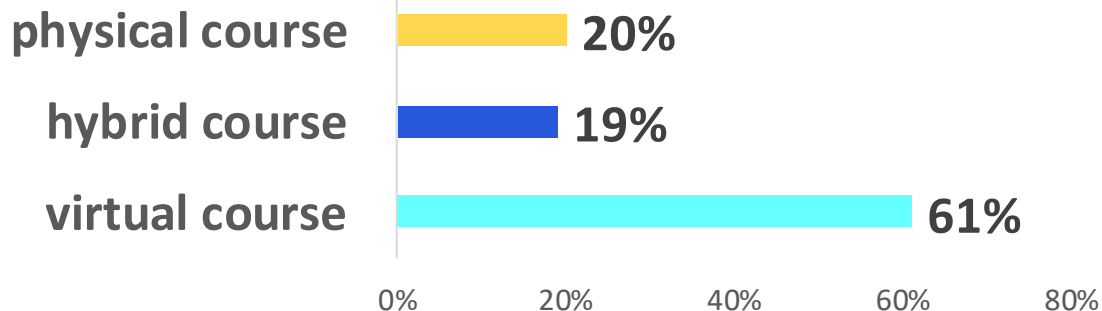

# 7. Type of Stays abroad and Type of Courses attended during the Corona Pandemic (2021)

## Stay Abroad

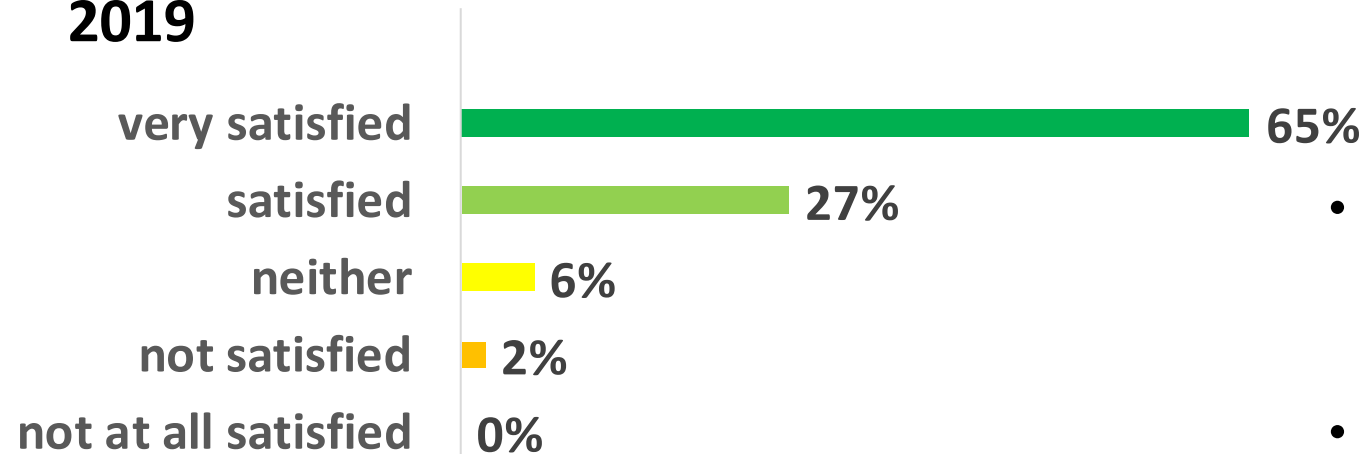

- The majority of stays abroad were physical.
- The majority of courses attended were virtual.

## Course

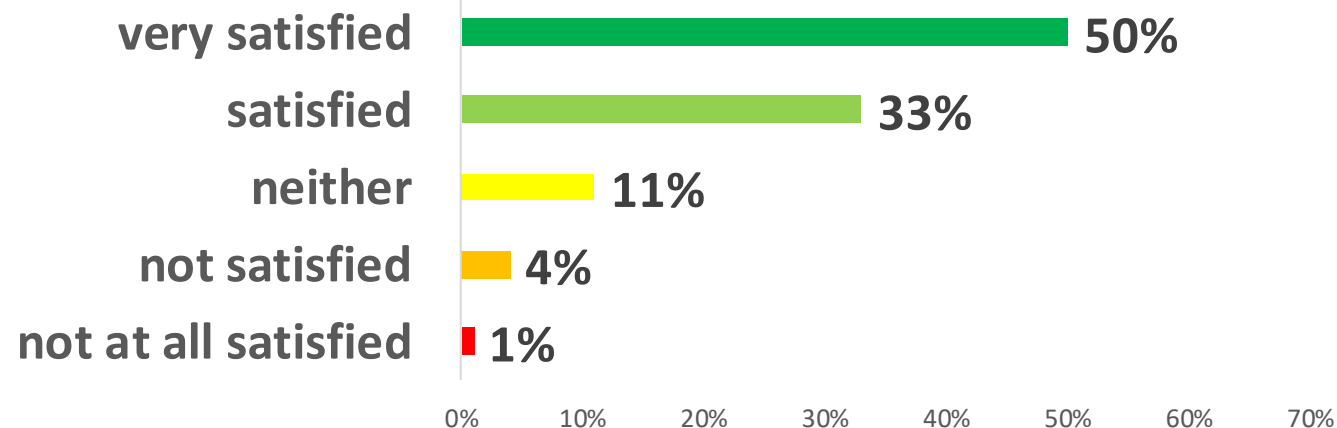

# 8. Satisfaction with the Stay Abroad in General (2019 and 2021)

## 2019

- Satisfaction with the stay abroad has been very high in all surveys so far (more than 90%).
- But during the Corona pandemic satisfaction has declined from 92% (2019) to 83% (2021).
