Short description

"International Networking for Virtually Improved Teacher Education" combines international networking of students of Teacher Training and the establishment of a virtual teaching network with higher education institutions in the **Nordic and Anglophone countries.**

The programme's vision is to enable the teachers of tomorrow to interact in a culturally sensitive way with an increasingly diverse student body.

pure virtual mobilities

blended mobility

stays abroad

<Dr. Nina Dasouqi>

Project goals

1. Development of a **Teaching Network** with the Partner Universities on a multilateral basis.

2. Internationalisation@home with an **English-taught semester programme.**

3. **Academic Profile** in order to **strengthen international and digital competences**.

4. **School partner network** in which combined study and clinical experience help developing practical vocational knowledge.

5. **Establishing a mobility window** to promote the international mobility for students of Teacher Training.

<Dr. Nina Dasouqi>

Partner Universities

the University of **North Carolina** at Charlotte
University College **Copenhagen**
University of **Limerick**
HAN University in **Nijmegen**
Malmö University
Oslo Metropolitan University, **Norway**
